ALPHA DELTA PHI FRATERNITY

186TH ANNUAL CONVENTION

AUGUST 9-12, 2018 | DENVER, CO

WELCOME TO DENVER!

Welcome to Colorado! Thanks to the talents and dedication of our organizing committee and headquarters staff, we are excited to offer an educationally packed weekend of programs to advance your leadership skills and boost your chapter's productivity.

Over the course of the past few years, our Executive Office team as well as several brothers of the Rocky Mountain Affiliate and local alumni have been integral in the successful planning of this event. I want to personally thank them for their hard work.

Finally, I would like to thank the delegates and attendees - both alumni and undergraduate - for taking time out of their busy lives to join us this weekend. Taking time away from family and friends in the middle of summer is not easy, but we sincerely thank you for being so committed to the Alpha Delta Phi to join us.

While our conventions are meant to be informative and educational, they are also meant to be fun and social. Throughout the weekend I encourage you to step outside your comfort zone by making connections with people from other chapters and affiliates. Please remember that during this weekend, we all represent the fraternity, so respect towards the hotel, alumni center, chapter house and museum guests/staff is of the utmost importance. Anything less will not be tolerated, so please be responsible.

I hope you enjoy this weekend in the city and if you have suggestions on how we can better support your chapter, please let a staff or board member know - we are here to serve you!

XAIPE!

> ABOUT ALPHA DELTA PHI

The Alpha Delta Phi Fraternity was founded in 1832 at Hamilton College in Clinton, New York by Samuel Eells (1810-1842). Founded as a literary society, it evolved into one of the most distinguished of the original American college fraternities. It has retained its focus on its literary roots, by attracting only the best students at only the more prestigious colleges and universities in Canada and the United States. Our chapters are leaders on their respective campuses, where some of our chapter houses have been designated architectural or historic landmarks. The Alpha Delta Phi experience has helped a disproportionate number of its 50,000 lifelong members to become top leaders in industry, government, education, and religion.

THANKYOU

Thank you to the amazing vendors, partners and venue hosts who helped make the 186th Annual Convention & Leadership Training Conference possible. Xaipe!

KEYNOTE SPEAKERS

> KATHERINE MASON YOUNG

Etiquette Essentials, Campuspeak

Katherine Mason Young has been speaking and instructing social skills, confidence and etiquette courses nationally with the JDW Social Education Programs for over 18 years. She is a graduate of the University of Colorado with degrees in International Business and Marketing.

Katherine received her greatest cultural education while traveling around the world on the S.S. Universe – Semester at Sea. She then worked protocol during the World Economic Summit of the Eight, and has extensive international travel experience.

Katherine has appeared on CBS Sunday Morning, national television news broadcasts and KNUS – Success Talk Radio program. As Executive Director of ESP (Executive Social Presentation), her projects include corporate seminars nationally, in addition to regular engagements for Rocky Mountain Jr. Achievement, Leaders Challenge, The National Charity League and several academic, volunteer, and debutante organizations nationwide.

> KATHERINE "KATHY" REDMOND

Founder, National Coalition Against Violent Athletes

Katherine Redmond started the National Coalition Against Violent Athletes when her historic Title IX case against the University of Nebraska and her perpetrators was settled in 1997. After learning how to navigate the system that protects athletes and vilifies victims, she announced its formation in New York City in 1998 and made ending athlete violence her life mission.

Since the formation of the NCAVA, Redmond, a former college lacrosse player, has forged herself as a national expert in athlete violence and response. She is a gender-based violence prevention and response consultant to the New England Patriots and Major and Minor League Baseball.

Redmond was named Swiffer's Amazing Woman of the Year, an Everyday Hero by Reader's Digest and was nominated for Cosmopolitan Magazine's Fabulous Female award, among others. Kathy lives in Denver with her two boys, Adam and Micah.

> JEANNIE RITTER

Former First Lady, State of Colorado
Ambassador, Mental Health Center of Denver

As Colorado's first lady from 2007 to 2011, Jeannie Ritter used her platform to advocate for mental health. She continues this role as Mental Health Ambassador at the Mental Health Center of Denver. Every year she speaks at hundreds of businesses, civic organizations, faith-based groups, chamber meetings and community gatherings.

Jeannie used to say she chose mental health as the issue she would champion because she had been a classroom teacher for children with severe challenges, and because she had a sister with a bipolar diagnosis. But over time, her answer has changed. Now, it's about the whole family—everybody's family. Look at family photos and you'll see loved ones who have experienced substance use, anxiety, depression and more. Mental health is an issue about which we all must talk. Our leaders have greatly increased their ability to speak about mental health and through her experience, Jeannie helps organizations be able to discuss mental health in a productive and positive manner.

> MATT VOGL

Executive Director, National Mental Health Innovation Center
University of Colorado - Denver

Matt has a passion for bold new ideas to take on mental health challenges. In fact, that passion was a driving force behind the creation of the National Mental Health Innovation Center (NMHIC). As the lead executive, he reports both to the Chancellor of the CU Anschutz Medical Campus and the NMHIC Board of Directors.

Before taking on leadership of the NMHIC startup, Matt served as Deputy Director of the University of Colorado Depression Center and managed program expansion for the Nurse-Family Partnership, an evidence-based maternal-child nurse home visiting program.

Matt earned his BA from Marquette University and a Masters of Public Health from the University of Minnesota. He is past Board Chair for the Suicide Prevention Coalition of Colorado and has served on the boards of the Rocky Mountain Research and Prevention Institute and the Colorado chapter of the American Foundation for Suicide Prevention. He recently was appointed to the State of Colorado Commission on Suicide Prevention.

By the time college students graduate, over 50% of students will have suffered from some sort of mental health issue ranging from depression to severe anxiety. Some will even go so far as to self-harm or consider suicide. This seminar aims to educate members on the signs and symptoms of common mental health issues facing college students - in particular college men. If you think etiquette is boring, outdated or unnecessary in modern society, think again. Although our culture has become less formal in many ways, there are still rules and expectations in all types of relationships and situations. Giving students the confidence and courage to successfully navigate any situation from job interviews to dates, dinner parties to networking events, and everything in between will give them the advantage. First impressions are formed in an instant, but can impact a relationship forever.

ETIQUETTE ESSENTIALS YOU NEED TO NAIL YOUR INTERVIEW
 *CENTRAL CITY - BROWN PALACE*
Katherine Mason Young, Etiquette Essentials, Campuspeak

Thousands of recent graduates are on the job hunt. The anticipation of this critical life step can be paralyzing. The old-fashioned social skills that mom taught could ultimately help you land a job. The fact is, individuals who are capable of being comfortable and presenting themselves in the best possible light, will ultimately have a significant advantage over their peers. USA Today reported that the average interviewer will determine your potential within three seconds! In other words, just by looking at a candidate they will know if they will fit into their organization. This session will give you the insights needed to accomplish this crucial next step in everyone's life with confidence and ease.

TRANSLATION

Hail, Alpha Delta Phi!
Prospering for eternity,
May you be able to grow
According to everything of victory.
The Crescent rising,
The Star even sparkling:
We will sing in celebration
a joyful song with you all.
Hither Calliope,
With all the Muses,
Dwells in perfect harmony
Gently to keep us together.
The Crescent rising,
The Star even sparkling:
We will sing in celebration
a joyful song with you all.
The (inner) temple of the fair and good!
To be standing for eternity:
We yearn your (entire) temple,
We yearn glory.
The Crescent rising,
The Star even sparkling:
We will sing in celebration
a joyful song with you all.

ABOUT DENVER

Denver is the capital and most populous municipality of the U.S. state of Colorado. With an estimated population of 704,621 in 2017, Denver is the 19th-most populous U.S. city, and with a 17.41% increase since the 2010 United States Census, it has been one of the fastest-growing major cities in the United States. In 2016, Denver was named the best place to live in the United States by U.S. News & World Report.

Known by its nickname as the "Mile-High City", the elevation of the entire city of Denver ranges from 5,130 to 5,690 feet. The official elevation gold marker of one mile above sea level can be found on the steps of the State Capitol building. Contrary to popular belief as a cold weather area, the city is fortunate to have over 300 days of sunshine a year!

Denver has many nationally recognized museums, including the Denver Art Museum, the second largest Performing Arts Center in the nation after Lincoln Center in New York City and bustling neighborhoods such as LoDo and RiNo, filled with art galleries, restaurants, bars and breweries. Denver is made up of a collection of 78 robust and vibrant neighborhoods - each more unique than the next.

HISTORY OF THE ROCKY MOUNTAIN AFFILIATE

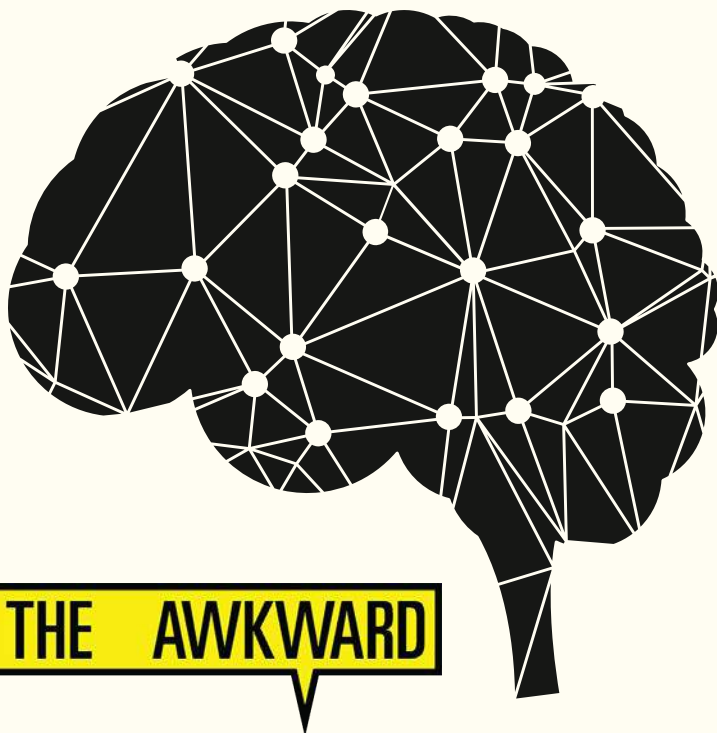

Lucas Zahorik has Greek life in his blood. His father is a Kappa Sigma and his mother a Chi Omega. They both maintained relationships with their brothers/sisters, and Luke remembers, even from elementary school years, meeting his parents' college friends and seeing the bond that they still had. So it was only natural that when he matriculated at the University of Alabama, he rushed fraternities.

Things were a little different in Alabama than in his home state of Colorado. People were very concerned with what town in Alabama you came from, and Colorado was like another planet. At most fraternities, when they found out where Luke was from, they ignored him. But at the Alpha Delta Phi chapter, they understood how to run rush and they didn't care where he grew up. Luke pledged and was initiated into the Alabama Chapter in November 2014, a member of their Delta pledge class. Unfortunately, Luke's discomfort with the cultural disconnect continued outside the fraternity walls. After a year at Alabama, he realized he was unhappy and that the only thing keeping him there was Alpha Delta Phi.

He finally decided that he needed to transfer back home, to the University of Colorado at Boulder. Though he missed the fraternity bonds, it did not initially occur to him to start a chapter of Alpha Delta Phi. That is, until two of his friends from high school were each elected President of their respective Greek organizations. At that point, his competitive instincts were triggered and he began to pursue the vision of a Rocky Mountain Chapter of Alpha Delta Phi.

After gaining permission from the International to begin recruiting efforts, he posted a notice on the Alpha Delta Phi Facebook group. This drew the attention of Robert Gilbert, WASH 1981 who passed it along to his son Collin. It was also noticed by Stephen Cheesman ADEL 2014, who connected with his younger brother Thomas Cheesman and his roommate, Keagan Vernon. Both Thomas and Keagan had just finished rush at CU without finding a fraternity that worked for them. They immediately recruited some hall-mates, some other members of their Delta Sigma Phi business fraternity, and the founding pledge class of the Rocky Mountain Affiliate was constituted. The founding class was initiated on April 16, 2016 with Brother Zahorik officiating, along with Brothers Stephen Cheesman, Charles Acquisto, BUFF 1986, Erik Roisland, R 2015, and David Jilk, LP 1985 as attending alumni.
